

Ad Help

We offer FREE - no obligation, aircraft listings for Private and Commercial aircraft owners for 120 days- renewable for 120 day periods, if aircraft is not sold.

- Before you place your aircraft ad, please make sure your digital photos are no bigger than 640x480 pixels in size.
- If you're not sure how to re-size the images, we've provided this simple tool for you to resize them here.
- When completing your new advertisement at 'Place Ad' please drag your cursor over the blue circle for further instructions relating to those specific entry fields.
- After you have published an ad and you wish to update it with more details and images, or delete your ad, you need to log in first.

Then click on the link 'My Ads' to display all your ads. Here you will find links for updating or deleting your ad.

- When your aircraft has been sold, please log in to your account to update it. Then uncheck the 'For Sale' field and check the 'SOLD' field so that visitors will know the status of your ad.

Please also notify us of the sale price via our contact form, so that we can monitor sales from Canada and offer more accurate Canadian sales appraisals. Thank You.

This FREE ad offer applies ONLY to aircraft owners, either private or commercial for any aircraft owned by that party.

Aircraft Brokers, agents, companies of any description do not have permission to place ads on this website without express consent from AviationSales.ca. Such requests should be sent here.
